

AWCL-300-R

3 channels RGB LED Repeater

Data Sheet

1. Features

- AWCL-300-R is simple and apt to operate general purpose RGB LED Repeater.
- The maximum output is 4A x 3 channels, that is 150W/12V or 300W/24V °

2. Specifications

Operation Voltage	DC10V~30V °
LED Output Power	150W/12V or 300W/24V
LED Module Type	Constant Voltage with constant current or Constant voltage with limit voltage.
Max output current	4A/channel x 3 channel
Weight	230g
Size	L:110mmxW:70mmxH:23mm
Operation Temperature	0°C ~+50 °C
Storage Temperature	-10°C ~ +60 °C
